

Gallatin Eagles

RC FLYING CLUB

Hello

Great turn out at the last meeting, thank you to all who came out, I think it was a record.

July is here and as normal it feels like summer is flying by. I hope you all are getting a chance to enjoy it and also get some flying in. I know for me there doesn't seem like enough time to do all the things I want to do.

I have been working on the power at the field, I have the park area mowed and a hole for the new pole started. The hole is three feet deep and I need about another foot. We found a person that has a skid steer and would be willing to run a trencher attachment on it and he has a post hole attachment to finish the hole. I just need to get a weekend that works so we can get it done. This has been a slow process but there are a lot of moving parts. I will keep you informed as things move forward.

Our next event is the Combat meet which is July 17. This is a fun event that we do every year. This event does require some extra hands, no experience required, judges, help getting lunch ready, and always fun to watch the event. If you are able to help reach out to Brian or Stan so they have an idea how much help they will have.

Lots to do! See you at the meeting.

Presents
Battle for the Mountains

**Saturday July 17, 2021
10927 Kelly Canyon Road,
Bozeman, MT 59715**

6 rounds each Open-B & 2610 Scale.

Registration & pilots meeting 9-10am, Carnage begins 10am.
Go to <https://rccombat.com/civicrm/event/info/?reset=1&id=29>

AMA & **hardhat** required.

All AMA & RCCA rules followed. Test your skills in a challenging mountain environment.
\$20 pilot fee for either event. \$30 for both.

RCCA sanctioned event. National points awarded. (Note: You do not have to be an RCCA member to participate)

COMPLIMENTARY LUNCH FOR ALL REGISTERED CONTESTANTS and JUDGES

This is an event well suited for spectators! Lots of action! Radio controlled "combat" aircraft are flown in heats of 4 or more, each towing a 30 foot streamer of crepe paper. Each pilot gains points by severing a competitors streamer while trying to protect his own. Extreme maneuvering and frequent mid-air collisions result!

Anyone interested in radio controlled flying will want to see this.
