

Hello!

I hope you all had a great Thanksgiving with all your family and friends. It's a time to take a moment to remind ourselves and be thankful for the people in our lives and the things we have that maybe we take for granted. I am thankful for all of my friends in the club.

Last meeting was our first winter Saturday meeting and we had our appreciation brunch. It was such a great day! The weather was perfect and we had a great turnout. It was great to catch up on conversations and see some of you that we haven't seen since last year. Thank

you to all the spouses that came out and also for supporting us throughout the year. I am looking forward to the Saturday meetings this winter, It seems to give us a little more time to catch up.

The snow has not been too bad yet this year. I found a good deal on a 30-inch 15hp snow blower for the club, something that will take on the deep snow a little better. The officers voted on it and decided it would be a good purchase for \$800. I am currently working on going through it and making

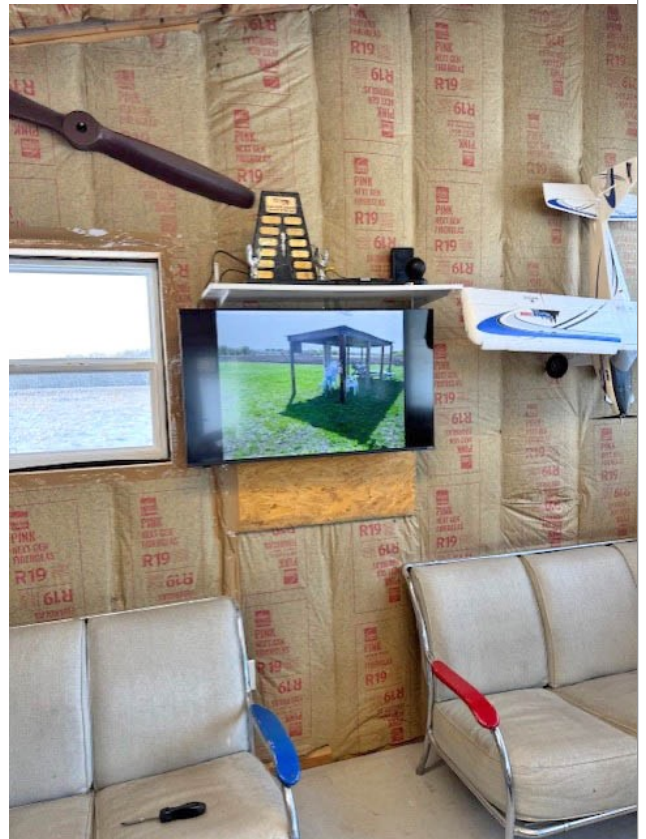

sure it is all ready to go. We will keep smaller

snow blower for going around the tables as it's a little more maneuverable. It is in the clubhouse and the plug in electric start is fixed if you need it. We could use a couple extra snow shovels if you have an extra or want to purchase one to donate to the club that would be great. I will keep an eye out on the snow conditions and do my best to keep up.

We talked about a way to see and share some of the photos I have of the old club of back then and of the runway when we started. Well, I fixed the problem, we now have a 43-inch

smart tv in the clubhouse! I put the photos on a flash drive and put it in the TV and we have a slide show! So, if you have any photos, you want send them to me or put them on a flash drive and we can check them out. We can also pull up You Tube Music and so on, pretty cool.

Lots of good stuff!  
see you at the next Saturday meeting

*Merry Christmas!*
