

Gallatin Eagles

RC FLYING CLUB

Hello!

I refuse to say summer is winding down, but September is here. Let's all have good thoughts for a long fall. September is a great time to enjoy some cooler weather flying.

As you've probably seen, our big black pile is back. Not sure if it is leaving before winter or not. Unfortunately that is part of a shared space. I understand it is in the way but not in the way. I will try and get some more information.

September 13th is our annual fun fly and swap meet; I am really hoping for great weather and a big turnout. Open flying, possibly some pilot events and some plane swapping and we will have lunch available. Please come out and join the event. We will have one more meeting before the event so maybe we can get some input on what we want to do.

Not much else going on, enjoy the weather, fly when you can!

Destry
